LIFESTYLE WITHOUT BORDERS

2018 CATALOGUE

THE DETAILS IS THE DESIGN

This year has been one of many exciting changes and growth. We are not only introducing new designs and categories into our range, launching our most complete look book as of yet, but are very excited to be launching our new CitySleek collection.

As demographics evolve and living areas become smaller, we saw the need for designing a collection that was more suitable for urban dwellings, this was echoed by our customers who love our products but felt that it wasn't always right for compact living spaces.

So we thought, why not build a collection that is suitable for a vibrant and more urban generation but remains true to our design philosophy. By combining Malene Lillelund's & By Georgsen's designs and playing with beautiful veneer patterns, lush velvets, and the burnished metals we are known for, we feel we have achieved just that.

CitySleek is an elegant and delicate line that is suitable as a full collection or individual pieces to accentuate and elevate our every day living spaces.

In addition, we have updated our website with a new look that reflects where our brand is today and will be launching the Chinese version at the end of this year.

Lastly, as the Donata brand continues to develop we understand the importance of having the right infrastructure to sustain the growth. By having implemented a new and more sophisticated operational system earlier this year as well as investing in a larger facility that will be completed early next year we are able to accommodate our continual expansion.

We hope you enjoy our our new collections and that they will continue to inspire you.

MEET THE DESIGNERS

MORTEN GEORGSEN

Being born and raised in Denmark has clearly been decisive for Morten Georgsen's approach to design. His unmistakable sense for proportions materialised in simple though sophisticated creations are evidently pointing back to his Scandinavian heritage. Georgsen's personal character – observing and enjoying life – is the driving force and inspiration in his creative process. Georgsen is one of the bestselling furniture designers in the world. His studio is based in Valencia in Spain where his team of dedicated designers is supporting him.

PORTO & HALDEN LOUNGE CHAIRS

MALENE LILLELUND

Danish Architect and Designer with a love for creating holistic design experiences that intrigues and inspires. Malene is based in Vietnam where she is involved with the development process from start to finish. Her design approach is simplistic with attention to detail, function and aesthetics.

Inspiration comes anywhere from her daily life in Vietnam to International designs shows and wherever she is, she is always looking for new trends and interior tendencies.

KNOW HOW & QUALITY

From our inception as a quality control and development company to the design and manufacturing specialist we have become today, the question of how can we create striking, durable and affordable designs remains at the core of everything we do.

The Donata difference is in our passion for design and our pursuit for perfection. With ever-changing fashions and technical advancements, our mission is to provide clients with better quality furniture than they ever thought possible. In reality, that goal will never be truly complete – but that's precisely what drives us.

VIFA 2018

We are proud to announce our 4th year of exhibiting at Vietnam's International Furniture & Home accessories show. It is always an exciting time of year for us, showing our newest pieces, catching up with customers and creating new relations.

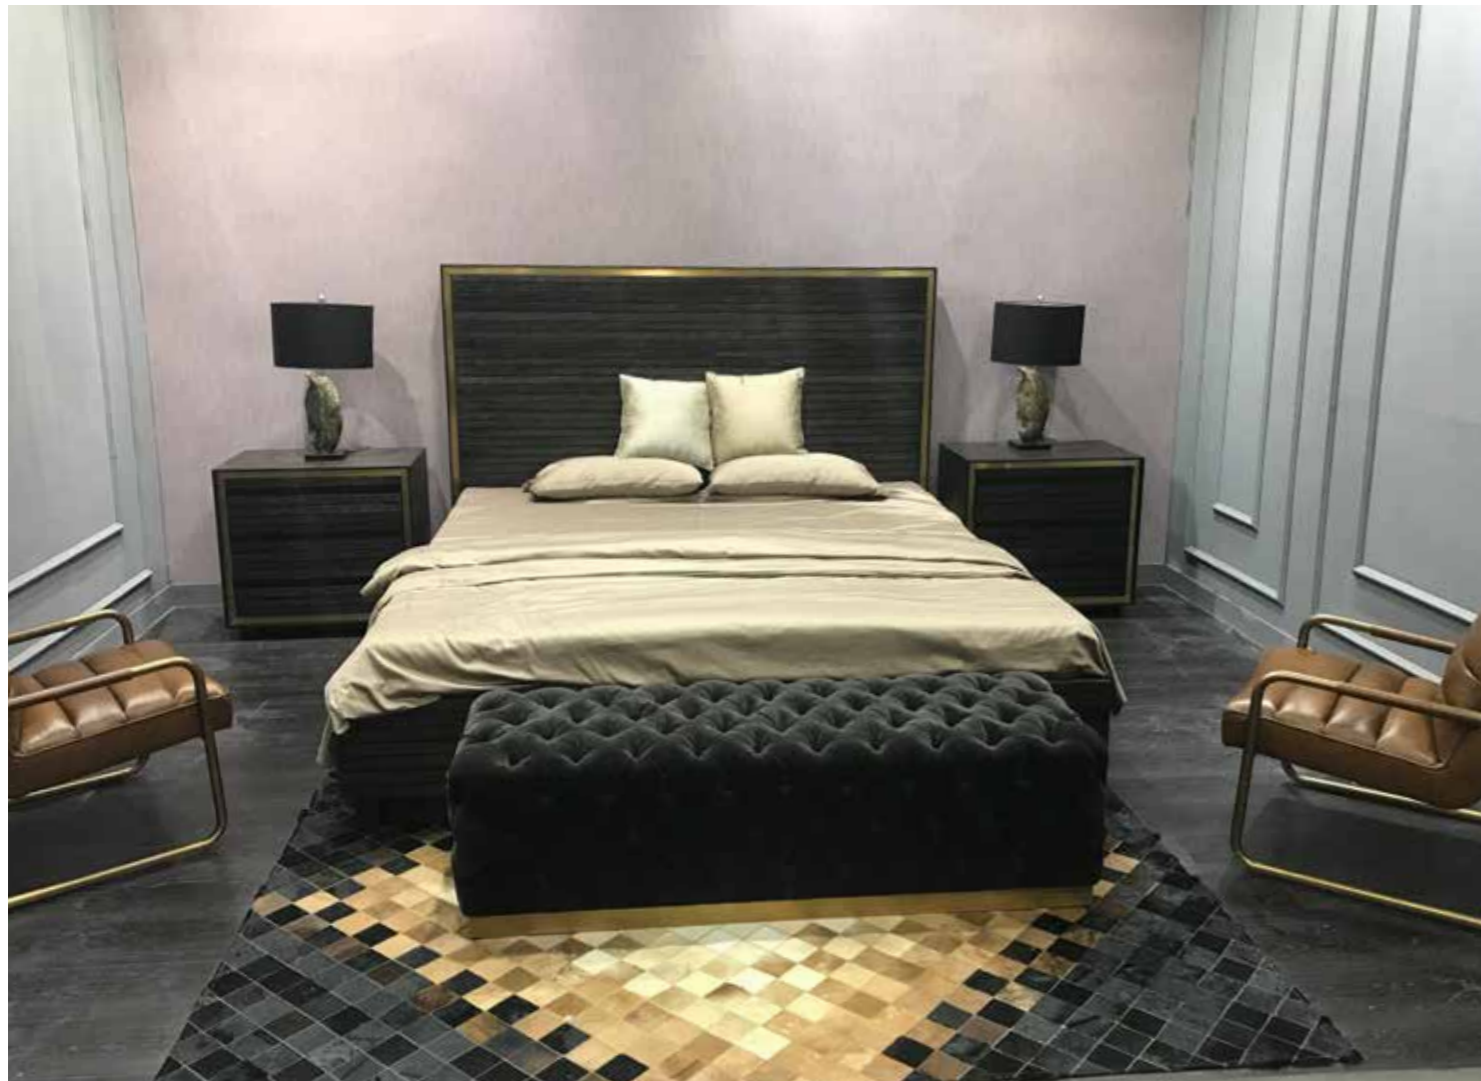

Hope to see you at VIFA 2019 - We can't wait.

CIFF 2018 GUANGZHOU

This year we had the honor of exhibiting at CIFF Guangzhou, a show that both exceeded our expectations and confirmed our hopes for the future. It was a great pleasure meeting people from across the globe who share our passion for great design and high quality.

Guangzhou was a success that we will be looking forward to repeat again in 2019.
